Index to Volume 11

AUTHOR AND SUBJECT INDEX

A

Aaronson, Abe L. (co-author): Hay fever, a review of the literature of 1951 (Progress in Allergy), 108

Abernathy, Rosalind S. (co-author): The use of an orally administered combination of rapid and prolonged acting bronchodilators in asthmatic children, 297

Abramson, Harold A.: Frequency of poliomyelitis in patients receiving pollen extract injections, 435

Abramson, Harold A.: Report of the Committee on Psychosomatic Allergy of the American College of Allergists, 366

ACTH in gelatin. Clinical results with repository adrenocorticotropic hormone in allergic diseases. (Samuel J. Levin), 157

Adenotonsillectomy and its relation to asthma. (Gertrude Sobel), 583

Adjunct treatment of certain allergies responding unsatisfactorily to conventional therapy. (Meryl M. Fenton), 336

Airborne fungus spores, Brunswick, Georgia, area. (Thomas W. Collier and Betty Anne Ferguson), 480

Airborne pollen and fungus spores in Israel, 1951-1952, Survey of. (Arthur Kessler), 322

Allergen-Chlor-trimeton desensitization by injection, Combined. (Maury D. Sanger, et al), 354

Allergen, The importance of the specific, (Jacob Reicher), 12

Allergic disease, Failure of a tyrosine—Niacinamide-Pyridoxine mixture to influence. (Walter R. MacLaren et al), 763

Allergic diseases, ACTH in gelatin, Clinical results with repository adrenocorticotropic hormone in. (Samuel J. Levin), 157

Allergic diseases. A small dosage, injectable antihistamine (Chlor-trimeton Maleate Injectable) in the treatment of. (Charles M. Jenkins), 96

Allergic disorders, Evaluation of a natural steroid complex (Marisone) in the treatment of. (Samuel Bloom and Harry Markow), 773

Allergic disorders, The value of Piromen in the treatment of. (Walter R. MacLaren and D. Edward Frank), 344

Allergic musculoskeletal syndromes, Food-induced. (William Kaufman), 179

Allergic parotitis. (Boen Swinny), 473

Allergic practice, A commonsense approach to psychotherapy in. (William Kaufman), 291

Allergies responding unsatisfactorily to conventional therapy, Adjunct treatment of certain. (Meryl M. Fenton), 336

Allergy, Bacterial, in the rheumatic diseases. (James C. Small and James C. Small, Jr.), 609

Allergy (by sterols). Miguel Augustin Solari, Guido Ruiz Moreno and M. N. G. de Fernandez), 732

Allergy, childhood, Bone maturation and capillary microscopy as indicators for the use of thyroid in. (Bret Ratner), 419

Allergy, clinical, An estimation of the value of 3, 4 dihydroxychalcone in. (Charles M. Gruber, Jr., and Louis Tuft), 288

Allergy, Gastrointestinal, and the celiac syndrome with particular reference to allergy to cow's milk. (Ralph H. Kunstadter and Allen Schultz), 426

Allergy, Gastrointestinal (Progress in Allergy) (Orval R. Withers), 637

Allergy, pediatric, Hypothyroidism in (William A. Reilly), 143

Allergy, Progress in. Bronchial asthma. A review of the recent literature. (Philip M. Gottlieb), 367

Allergy, Progress in. Review of miscellaneous allergy, 1952. (Lawrence J. Halpin), 513

Allergy testing syringe, An improved. (Walter R. MacLaren), 83

Allergy to drugs in pediatric practice, The incidence of. (Maximillian Berkowitz, Jerome Glaser and Douglas E. Johnstone), 561

Allergy to endogenous hormones. (A. Ford Wolf, H. A. Bailey and John M. Coleman), 78

American College of Allergists. Convention Echoes (Proceedings of the Ninth Annual Congress), 361
American College of Allergists, Interim Meeting of the Board of Regents, 104
American College of Allergists, The. Preliminary Program, Graduate Instructional Course and Ninth Annual Congress, 53
Ames, Edward A.: Effect of epinephrine ointment on the scratched human skin, 594
Anaphylaxis, Microscopic observations of the intrahepatic circulation of living guinea pigs before and during, (Walter S. Burrage, John W. Irwin, Ina Gram Petersen and Priscilla Gordon), 137
Anaphylaxis to penicillin. Charles P. Wofford), 470
Anderson, Robert C. (co-author): Chemical and pharmacological characteristics of the compound Pyrrobutamine, 754
Antibiotic therapy and their management, Reactions of toxicity incident to. (Wallace E. Herrell), 555
Antibiotic therapy, Unusual toxic reactions to sulfonamide and. (Stanley L. Lane et al), 615
Antigen, A whole pollen, hydrochloride. (George E. Rockwell), 175
Antihistamine (Chlor-trimeton Maleate Injectable), A small dosage, injectable, in the treatment of allergic diseases. (Charles M. Jenkins), 96
Antihistamine compound Pyrrobutamine, Chemical and pharmacological characteristics of the. (M. H. Mothersill et al), 754
Antihistaminic agents, Studies of the combined action of. (Plutarco Naranjo and E. Banda de Naranjo), 699
Antihistaminic drugs, Personality changes induced in children by the use of certain. (Nathan Schaffer), 317
Antistreptolysin measurements-Rheumatic activity in bacterial endocarditis. (Andrew Kerr, Jr.), 73
Arthus, M. Maurice: Repeated injections of horse serum in the rabbit (Historical document), 633
Asthma, Adenotonsillectomy and its relation to. (Gertrude Sobel), 583
Asthma, bronchial, A foreign body in the respiratory tract with symptoms simulating, (Isidor Black, et al), 46
Asthma, bronchial, A new sublingual therapy for. (Elizabeth B. Brown), 319
Asthma, bronchial, Prantal methysulfate, a new parasympathetic blocking agent in the treatment of, (Edward E. P. Seidmon and Nathan Schaffer), 42
Asthma, bronchial, Psychotherapy in acute attacks of. (Hyman Miller and Dorothy W. Baruch), 438
Asthma, bronchial, Respiratory and physical exercise in the treatment of. (Bernard T. Fein et al), 275
Asthma, Bronchial, secondary to chronic pulmonary mycosis. (P. J. Van der Werff), 567
Asthma, bronchial, Sublingual treatment of, with a potentiated isopropyl arterenol preparation. (Arthur G. Baker), 49
Asthma, bronchial, The evaluation of oral bronchodilator agents in patients with, and pulmonary emphysema. (Hylan A. Bickerman et al), 301
Asthma, bronchial, The relief of, with oral khellin. (Ralph M. Mulligan), 313
Asthma, chronic bronchial, Parenteral crystalline khellin in the treatment of. (H. S. Tuft), 740
Asthma, Drug tolerance in. Fatal salicylate poisoning from a physiologic dose. (G. L. Waldbott et al), 199
Asthma in infancy. (William P. Buffum), 475
Asthmatic children, The use of an orally administered combination of rapid and prolonged acting bronchodilators in. (Susan C. Dees et al), 297
Asthmatics, Spirographic studies of. (A. E. Bachmann et al), 599
Atopic dermatitis caused by inhalant antigens and its immunologic therapy. (H. Elias Diamond), 146

B

Bachmann, A. E. et al: Spirographic studies of asthmatics, 599
Bacterial allergy in the rheumatic diseases. (James C. Small and James C. Small Jr.), 609
Bacterial endocarditis-antistreptolysin measurements, Rheumatic activity in. (Andrew Kerr, Jr.), 73
Bailey, H. A. (co-author): Allergy to endogenous hormones, 78
Baird, K. A.: Intramuscular Phenergan, 752

Baker, Arthur G.: Sublingual treatment of bronchial asthma with a potentiated isopropyl arterenol preparation, 49
Barnard, Robert D. et al: Persistence of histaminic responses in the human during cholinesterase administration, 170
Baruch, Dorothy W., and Miller, Hyman: Psychotherapy in acute attacks of bronchial asthma, 438
Beck, Gustav J. (co-author): The evaluation of oral bronchodilator agents in patients with bronchial asthma and pulmonary emphysema, 301
Berkowitz, Maximillian et al: The incidence of allergy to drugs in pediatric practice, 561
Bickerman, Hylan A. et al: The evaluation of oral bronchodilator agents in patients with bronchial asthma and pulmonary emphysema, 301
Black, Isidor et al: A foreign body in the respiratory tract with symptoms simulating bronchial asthma, 46
Blair, K. E. (co-author): Drug tolerance in asthma. Fatal salicylate poisoning from a physiologic dose, 199
Blood transfusions, Use of Chlor-trimeton Maleate® Injectable in. (Donald B. Frankel and Neil Weidner), 204
Bloom, Samuel, and Markow, Harry: Evaluation of a natural steroid complex (Marisone) in the treatment of allergic disorders, 773
Bone maturation and capillary microscopy as indicators for the use of thyroid in childhood allergy. (Bret Ratner), 419
Bronchial asthma, A foreign body in the respiratory tract with symptoms simulating. (Isidor Black et al), 46
Bronchial asthma and other respiratory conditions, The use of Tryptar® (trypsin) in. (Leon Unger and Albert H. Unger), 494
Bronchial asthma, A new sublingual therapy for. (Elizabeth B. Brown), 319
Bronchial asthma and pulmonary emphysema, The evaluation of oral bronchodilator agents in patients with. (Hylan A. Bickerman et al), 301
Bronchial asthma, Parenteral crystalline khellin in the treatment of chronic. (H. S. Tuft), 740
Bronchial asthma, Prantal Methylsulfate, a new parasympathetic blocking agent in the treatment of. (Edward E. P. Seidmon and Nathan Schaffer), 42
Bronchial asthma. Progress in Allergy. A review of the recent literature. (Philip M. Gottlieb), 367
Bronchial asthma, Psychotherapy in acute attacks of. (Hyman Miller and Dorothy W. Baruch), 438
Bronchial asthma, Respiratory and physical exercise in the treatment of. (Bernard T. Fein et al), 275
Bronchial asthma, secondary to chronic pulmonary mycosis. (P. J. Van der Werff), 567
Bronchial asthma, Sublingual treatment of, with a potentiated isopropyl arterenol preparation. (Arthur G. Baker), 49
Bronchial Asthma, The relief of, with oral khellin. (Ralph M. Mulligan), 313
Asthma, bronchial, The use of Tryptar® (trypsin) in, and other respiratory conditions. (Leon Unger and Albert H. Unger), 494
Bronchodilator agents in patients with bronchial asthma and pulmonary emphysema, The evaluation of oral. (Hylan A. Bickerman et al), 301
Bronchodilators in asthmatic children, The use of an orally administered combination of rapid and prolonged acting. (Susan C. Dees et al), 297
Brown, Elizabeth B.: A new sublingual therapy for bronchial asthma, 319
Brown, Ethan Allan: Sensitivity to grape and grape products, including wine, 590
Brunswick, Georgia, area, Airborne Fungus Spores. (Thomas W. Collier and Betty Anne Ferguson), 480
Bruskin, Syril: A comprehensive survey of the incidence of fungus spores in the New Brunswick, New Jersey, area, 15
Buffum, William P.: Asthma in infancy, 475
Burrage, Walter S., et al: Microscopic observations of the intrahepatic circulation of living guinea pigs before and during anaphylaxis, 137

C

Capillary microscopy as indicators for the use of thyroid in childhood allergy, Bone maturation and. (Bret Ratner), 419
Celiac syndrome, Gastrointestinal allergy and the, with particular reference to allergy to cow's milk. (Ralph H. Kunstadter and Allen Schultz), 426

Changes in the electrocardiogram seen during attacks of migraine and their normalization by ergotamine tartrate administration. (Manuel Marcos Lanzarot), 24
Chemical and pharmacological characteristics of the antihistamine compound Pyrrobutamine. (M. H. Mothersill, Jack Mills, Henry M. Lee, Robert C. Anderson and Paul N. Harris), 754
Chlor-trimeton-allergen, desensitization by injection, Combined. (Maury D. Sanger, et al), 354
Chlor-trimeton injection, Hyposensitization by combined antigen. (George Knox Spearman), 769
Chlor-Trimeton Maleate® Injectable, A small dosage, injectable antihistamine, in the treatment of allergic diseases. (Charles M. Jenkins), 96
Chlor-Trimeton Maleate® Injectable, Use of, in blood transfusions. (Donald B. Frankel and Neil Weidner), 204
Cholinesterase administration, Persistence of histaminic responses in the human during. (Robert D. Barnard et al), 170
Cleansing agents—irritating and non-irritating to the skin. (Lloyd S. Nelson and Albert V. Stoesser), 572
Coleman, John M. (co-author): Allergy to endogenous hormones, 78
Collier, Thomas W., and Ferguson, Betty Anne: Airborne fungus spores, Brunswick, Georgia, area, 480
Collins-Williams C., and Ratner, Bret: Pediatric Allergy. A critical review. (Progress in Allergy), 225
Collins-Williams, C., and Vincent, J.: Sensitivity reactions to penicillin in children, 454
Combined allergen-Chlor-trimeton desensitization by injection. (Maury D. Sanger, Lawrence Maslansky, H. G. Rapaport, S. Grosberg and M. M. Peshkin), 354
Commonsense approach to psychotherapy in allergy practice, A. (William Kaufman), 291
Comprehensive survey of the incidence of fungus spores in the New Brunswick, New Jersey, area. (Syril Bruskin), 15
Constitution and Bylaws, The International Association of Allergology, 508
Contact dermatitis due to the cord of a hearing aid. (Alfred J. Weil), 780
Convention Echoes. American College of Allergists (Proceedings of the Ninth Annual Congress), 361
Cortes, F. Martinez and Mallen, M. Salazar: Increased fragility of eosinophilic leukocytes under the influence of cortisone treatment, 272
Cortisone treatment, Increased fragility of eosinophilic leukocytes under the influence of. (F. Martinez Cortes and M. Salazar Mallen), 272
Cow's milk, Gastrointestinal allergy and the celiac syndrome with particular reference to allergy to. Ralph H. Kunstadter and Allen Schultz), 426
Cox, Eugenia P. (co-author). Respiratory and physical exercise in the treatment of bronchial asthma, 275

D

DeBold, F. F. and Fox, L. A.: Sensitivity to intravenous procaine, 778
Dees, Susan C. et al: The use of an orally administered combination of rapid and prolonged acting bronchodilators in asthmatic children, 297
Degree and range of sensitivity to chromium and its compounds. (L. Edward Gaul), 758
Dermatitis, Atopic, caused by inhalant antigens and its immunologic therapy. (H. Elias Diamond), 146
Dermatitis, Contact, due to the cord of a hearing aid. (Alfred J. Weil), 780
Dermatitis, ivy, Exacerbation of, by rhus injections. (William A. Reyer), 91
Dermatitis, poison ivy, treatment of, Diphenmethanil (Prantal) methylsulfate. (Fred A. Parish), 580
Diamond, H. Elias: Atopic dermatitis caused by inhalant antigens and its immunologic therapy, 146
Dihydroxychalcone, 3, 4, in clinical allergy, An estimation of the value of. (Charles M. Gruber and Louis Tuft), 288
Diphenmethanil (Prantal) methylsulfate. Treatment of poison ivy dermatitis. (Fred A. Parish), 580
Drimmer, Fred (co-author): The evaluation of oral bronchodilator agents in patients with bronchial asthma and pulmonary emphysema, 301

Drugs in pediatric practice, The incidence of allergy to. (Maximillian Berkowitz, Jerome Glaser and Douglas E. Johnstone), 561
Drug tolerance in asthma. Fatal salicylate poisoning from a physiologic dose. (G. L. Waldbott, K. E. Blair, and R. McKeever), 199
Dulfano, M. J. (co-author): Respiratory acidosis-pathogenesis and treatment, 206
Dunn, Arthur (co-author): Further studies of the mechanism of pulmonary clearance of prodigiosin in normal and x-irradiated rabbits, 1

E

Effect of epinephrine ointment on the scratched human skin (Edward A. Ames), 594
Effective method for the treatment of pruritus with the oral use of procaine hydrochloride-ascorbic acid combination. (Fred A. Parish), 85
Ehrlich, Norman J., (co-author): Hay fever, a review of the literature of 1951, 108
Eisenberg, Ben C. (co-author): Failure of a tyrosine-Niacinamide-pyridoxine mixture to influence allergic disease, 763
Electrocardiogram, Changes in the, seen during attacks of migraine and their normalization by ergotamine tartrate administration. (Manuel Marcos Lanzarot), 24
Emotional aspects of pediatric allergy. (Alma Jean Mitchell, Lawrence Frost and Johann R. Marx), 744
Endocarditis-antistreptolysin measurements. A bacterial, Rheumatic activity in. (Andrew Kerr, Jr.), 73
Endogenous hormones, Allergy to. A. Ford Wolft et al), 78
Eosinophilic leukocytes under the influence of cortisone treatment, Increased fragility of. (F. Martinez Cortes and M. Salazar Mallen), 272
Epinephrine ointment on the scratched human skin, Effect of. (Edward A. Ames), 594
Epinephrine solutions, New slow acting. (Roy A. Ouer), 36
Ergotamine tartrate administration, Changes in the electrocardiogram seen during attacks of migraine and their normalization by. (Manuel Marcos Lanzarot), 24
Estimation of the value of 3, 4 dihydroxychalcone in clinical allergy, An. (Charles M. Gruber, Jr., and Louis Tuft), 288
Evaluation of a natural steroid complex (Marisone) in the treatment of allergic disorders. (Samuel Bloom and Harry Markow), 773
Evaluation of oral bronchodilator agents in patients with bronchial asthma and pulmonary emphysema, The. (Hylan A. Bickerman, Gustav J. Beck, Sylvia Itkin and Fred Drimmer) 301
Exacerbation of ivy dermatitis by rhus antigen injections. (William A. Reyer) 91

F

Failure of a Tyrosine-Niacinamide-Pyridoxine mixture to influence allergic disease. (Walter R. MacLaren, David Goldstein, and Ben C. Eisenberg)
Fatal salicylate poisoning from a physiologic dose. Drug tolerance in asthma. (G. L. Waldbott, et al) 199
Fein, Bernard T. et al: Respiratory and physical exercise in the treatment of bronchial asthma, 275
Fenton, Meryl M.: Adjunct treatment of certain allergies responding unsatisfactorily to conventional therapy, 336
Ferguson, Betty Anne, and Collier, Thomas W.: Airborne fungus spores, Brunswick, Georgia, area, 480
Fernandez, M. N. G. (co-author): Allergy (by sterols), 732
Finnegan, Camille (co-author): Further studies of the mechanism of pulmonary clearance of prodigiosin in normal and x-irradiated rabbits, 1
Food-induced, allergic musculoskeletal syndromes. (William Kaufman), 179
Foreign body in the respiratory tract with symptoms simulating bronchial asthma. (Isidor Black, Nathan Ravin and Moses L. Furman), 46
Fox, L. A. and Debold, F. F.: Sensitivity to intravenous procaine
Frank, D. Edward, and MacLaren, Walter R.: The value of Piromen in the treatment of allergic disorders, 344
Frankel, Donald B. and Weidner, Neil: Use of Chlortrimeton Maleate® Injectable in blood transfusions, 204
Frankland, A. W.: Locust sensitivity, 445
Frequency of poliomyelitis in patients receiving pollen extract injections. (Harold A. Abramson), 435
Friedewald, V. E.: Pollen Survey of West Texas, 185
Frost, Laurence (co-author): Emotional aspects of pediatric allergy

Fungus spores, Airborne, Brunswick, Georgia, area. (Thomas W. Collier and Betty Anne Ferguson), 480
Fungus spores in Israel, 1951-1952, Survey of airborne pollen and. (Arthur Kessler), 322
Fungus spores in the New Brunswick, New Jersey, area, A comprehensive survey of the incidence of. (Syril Bruskin), 15
Furman, Moses L. (co-author): A foreign body in the respiratory tract with symptoms simulating bronchial asthma, 46
Further studies of the mechanism of pulmonary clearance of prodigiosin in normal and x-irradiated rabbits. (George V. Taplin, James S. Grevior, Camille Finnegan, Arthur Dunn and Philip Noyes), 1

G

Gastric acidity following oral administration of Theophylline, Measurement of. (Samuel H. Waxler), 717
Gastrointestinal allergy and the celiac syndrome with particular reference to allergy to cow's milk. (Ralph H. Kundstadter and Allen Schultz), 426
Gaul, L. Edward: Degree and range of sensitivity to chromium and its compounds. 758
Glaser, Jerome, (co-author): The incidence of allergy to drugs in pediatric practice, 561
Goldman, Benjamin, (co-author): Persistence of histaminic responses in the human during cholinesterase administration, 170
Goldstein, David, (co-author): Failure of a tyrosine-Niacinamide-pyridoxine mixture to influence allergic disease
Grape and grape products, including wine, Sensitivity to. (Ethan Allan Brown), 590
Green, Leila H., (co-author): Respiratory and physical exercise in the treatment of bronchial asthma, 275
Grevior, James S., (co-author): Further studies of the mechanism of pulmonary clearance of prodigiosin in normal and x-irradiated rabbits, 1
Grosberg, S., (co-author): Combined allergen-Chlor-trimeton desensitization by injection, 354
Gruber, Charles M., Jr. and Tuft, Louis: An estimation of the value of 3,4 dihydroxychalcone in clinical allergy, 288

H

Halpin, Lawrence J.: Review of Miscellaneous allergy, 1952. (Progress in Allergy), 513
Harris, Paul N., (co-author): Chemical and pharmacological characteristics of the compound Pyrrobutamine, 754
Harrison, Gunyon M., (co-author): The use of an orally administered combination of rapid and prolonged acting bronchodilators in asthmatic children, 297
Hay fever. A review of the literature of 1951 (Progress in Allergy). (Morris A. Kaplan, Norman J. Ehrlich, and Abe L. Aaronson), 108
Hay fever in immigrants. (Harry H. Shilkret and Leopold C. Lazarowitz), 194
Headache and Tension. (Henry D. Ogden), 329
Hearing aid, cord of a, Contact dermatitis due to the. (Alfred J. Weil), 780
Herrell, Wallace E.: Reactions of toxicity incident to antibiotic therapy and their management, 555
Herschfus, J. A., (co-author): Respiratory acidosis-pathogenesis and treatment, 206
Histaminic responses in the human during cholinesterase administration, Persistence of. (Robert D. Barnard, et al), 170
Hormones, endogenous, Allergy to. (A Ford Wolf, et al), 78
Hypoallergic penicillin V (Pyribenzamine-penicillin). (S. William Simon), 218
Hyposensitization by combined antigen—Chlor-trimeton injection. (George Knox Spearman), 769
Hypothyroidism in pediatric allergy. (William A. Reilly), 143

I

Immigrants, Hay fever in. (Harry H. Shilkret and Leopold C. Lazarowitz), 194
Immunologic therapy, Atopic Dermatitis caused by inhalant antigens and its. (H. Elias Diamond), 146
Importance of the specific allergen, The. A case report. (Jacob Reicher), 12
Improved allergy testing syringe. (Walter R. MacLaren), 83
Incidence of allergy to drugs in pediatric practice, The. (Maximillian Berkowitz, Jerome Glaser, and Douglas E. Johnstone), 561

Increased fragility of eosinophilic leukocytes under the influence of cortisone treatment. (F. Martinez Cortes, and M. Salazar Mallen), 272
Infancy. Asthma in. (William P. Buffum), 475
Injectable antihistamine (Chlor-Trimeton Maleate Injectable) in the treatment of allergic diseases, A small dosage. (Charles M. Jenkins), 96
Interim Meeting of the Board of Regents, American College of Allergists, 104
International Association of Allergology, Second European Congress of Allergology, 504
Intrahepatic circulation of living guinea pigs before and during anaphylaxis, Microscopic observations of the. (Walter S. Burrage, John W. Irwin, Ina Gram Petersen and Priscilla Gordon), 137
Intramuscular Phenergan. (K. A. Baird), 752
Irwin, John W., (co-author): Microscopic observations of the intrahepatic circulation of living guinea pigs before and during anaphylaxis, 137
Isopropyl arterenol preparation, potentiated, Sublingual treatment of bronchial asthma with a. (Arthur G. Baker), 49
Israel, Survey of airborne pollen and fungus spores in. 1951-1952. (Arthur Kessler), 322
Itkin, Sylvia, (co-author): The evaluation of oral bronchodilator agents in patients with bronchial asthma and pulmonary emphysema, 301
Ivy dermatitis by rhus antigen injections, Exacerbation of. (William A. Reyer), 91
